

## CURLING CLUB ORGANIZED FOR 1927-28 SEASON

Officers Are Chosen and Twelve Skips are Elected

Under a real curling atmosphere with the ground covered with snow and an icy wind blowing down from the north, the Bassano Curling Club held the annual meeting in the rink building on Wednesday evening, Nov. 9th. The attendance at the meeting was not large, only about sixteen skippers being present, but the enthusiasm was there, and considerable work was accomplished.

In the absence of Mr. J. H. McLeod, who was unable to attend, Mr. J. H. McLeod acted as secretary. After the reading of the minutes of the last annual meeting, and the auditor's report, the following officers were elected:

Hon. Pres.—J. T. Shaw, M.L.A.  
Pres.—A. G. Bond  
1st Vice Pres.—H. A. Holmes  
2nd Vice Pres.—W. J. McLeod  
Sec. Treas.—W. J. Smith  
Chaplain—Rev. P. R. H. Leacock

Executive Committee—W. J. Blackstein, A. P. Piersen, W. J. McDonald, I. Young, H. Becher.  
The meeting decided to elect twelve skips by popular vote, and on a count of the ballot, the following skips were declared elected:  
Dr. A. G. Scott  
W. J. Blackstein  
Wm. McLeod  
A. McLeod  
Dr. R. E. Barlow  
W. Flanagan  
Gordon Foster  
P. Currie  
H. P. McDonald  
H. Becher  
J. H. Stiles  
I. Young

There was some discussion as to the best method of making up the rink, and it was decided to adopt the same method as was used last year. Each skip will make up his own rink, choosing his own skippers, anyone who wishes to curl.

It was agreed that any curler who could assemble a rink, although he was not elected a skip, by will be admitted as such in charge of the rink he has picked.

Skips are to assemble their rinks as soon as possible and turn in the names of their players not later than Saturday, Nov. 10th.

The membership fee was fixed at \$15.00, the same as last year. The secretary was instructed to get in touch with the Bassano Skating & Curling Rinks, Ltd., requesting that an adequate supply of new skates for the ice foundation be placed on hand, and that the building be covered with a new layer of tar paper.

The secretary pro tem announced that last year the club received \$600.00 in fees, and had in the bank the sum of \$714.55.

## Old Man Winter Rules The Rook

Coming with a rush that caught everybody unawares, Old Man in his sweep down over the country, early last Sunday morning, and has since reigned without challenge, mauling of snow six or eight inches deep covers the ground, and in places it has drifted to a depth of a couple of feet.

Some commercial travellers are still using their cars, but the going is said to be hard.

The thermometer hovers around the zero mark at night.

## Gem News

GEM, Nov. 10.—P. Williamson and Rev. J. Maguire enjoyed a day's shooting by the river on Thursday last. They were dinner guests of Mr. and Mrs. P. Leacock.

Several families attended the Thanksgiving dinner at Bassano last Monday evening. W. W. Pollock and Mrs. T. Royce were among the visitors.

Rev. J. Maguire, who has been visiting his brother P. L. Maguire, left the Colony on Friday for Lethbridge where he preached on Monday, Thanksgiving Day.

About one hundred and fifty people attended the dance put on in the Gem school house last Friday, Nov. 4th. The affair was held under the auspices of the Gem Literary Society, and managed by the teachers of Gem school, the Misses Waldron, Harrington, and Hulse. A splendid supper was served, and everyone enjoyed a most pleasant evening.

Mr. and Mrs. A. L. Fryberger and Mr. and Mrs. Jap Fryberger had dinner with P. W. Williamson on Thursday evening.

The work of the C. P. R. carpenters is tied up because of the snowfall. Miss Ida Robinson, Miss Schuller and the two Pollock boys were all home from Calgary for Thanksgiving.

Charles Douglas was home from normal school for Thanksgiving, returning on Tuesday.

Miss Harrington spent Sunday at her home north of the Red Deer river.

P. Williamson entertained a party of young people on Monday night. Threshing was nearly all finished when the snowstorm arrived Saturday night. Mr. Bowman and Mr. Leisler have still some threshing to do.

## SNOWSTORM CALLS A HALT ON THRESHING

Crop in the immediate vicinity of Bassano is All Through—Other Districts Not Yet Finished

The heavy fall of snow, starting on Monday morning, called a halt on threshing operations in the Gem, Rosemary, County, Husar, Majorville, and other districts surrounding Bassano. According to reports, the storm was province wide, and has stopped threshing all over the province.

Some outfits are going again, in spite of the snow. The weather is cold and the snow dry, so that it can be shaken off the bundles before they are run through the separator.

In the immediate vicinity of Bassano threshing is practically finished. D. Hoffmeyer has been cutting to do with his combine, and H. W. Hulse, of Majorville, has several hundred acres still uncut. Cutting had been delayed by frequent rains, and also by very damp fog in the mornings.

Mrs. Atkinson finished threshing last of her wheat on Saturday night, just before the storm.

In the Husar district there is still considerable wheat to be threshed. Threshing around Husar started a little later than at Bassano, and the crop was very heavy and hard to handle.

## POLICE COURT

In the matter of George Desjardins vs. Ed. M. Marois, Mr. Desjardins was examined for discovery in aid of execution by Wm. McLaws at the Bassano court house on Tuesday, Nov. 9th. Book, McLaws, K. C. for Mr. Marois.

The will of the late Catherine Talbot has been probated at the court house, Bassano, by His Honor Judge Macdonald. Mrs. Mary Buchanan, executrix; Wm. Buchanan, for applicant.

## Countess News

COUNTRESS, Nov. 10.—There will be an important business meeting at the Countess Community Club on Saturday evening, Nov. 12th, at 8 o'clock.

E. R. Heist is doing some carpenter work in Bassano this week. After breaking 30 days, Ralph Barrows was compelled to quit on Saturday on account of the snowstorm.

Mrs. A. Mallick left for California on Wednesday of last week, where she will spend the winter.

Mr. H. Cowan entertained the Countess school children and Miss Buchanan on Saturday, the Countess was in honor of Miss Elsie and Keston Cowan's birthday. The girls received a number of gifts. Refreshments consisted of sandwiches, cake and jelly, apple and candy. Mrs. Keir assisted Mrs. Cowan in serving. Billy Snape presented the girls with a large birthday cake.

Mr. Keir, of Calgary, has been spending a few days with his son, J. E. Keir.

Mr. and Mrs. Jordan and children were guests at dinner at the Gittinger home Friday.

Mr. and Mrs. E. Olsen and children, Hanna, drove down to spend a few days with Mr. and Mrs. Hingray.

Mr. and Mrs. M. Ferguson, Mrs. Howard Ferguson, and Bonnie Ferguson attended the dance in Gem on Friday evening.

Mr. and Mrs. Gamble and children took in the show at Bassano Friday night.

Most of the threshing bands made a wild dash for Bassano Saturday evening, as threshing seemed to be over for the season.

## WHEAT POOL GETS GOOD MEMBERSHIP

Enough Farmers Sign New Contracts To Ensure Pool Operations For The Next Five Years

Very satisfactory results have been obtained with the signing of the new Alberta Wheat Pool contracts, according to Ben H. Plummer, director of the East Calgary District of the Alberta Wheat Pool. While not as large an acreage has been obtained as under the first series of contracts, there is already a sufficient number on the membership roll to ensure the operation of the pool for the next five years, and new contracts are coming in daily.

Nat Bryant, of Stensar, has placed his six sections under a pool contract, and J. J. Boylen, of Calgary, who owns two and a quarter sections of farm land in southern Alberta, has signed a pool contract.

The string of 126 Alberta Wheat Pool contracts established some record of a record when they reported handlings of \$70,000 bushels in one day.

The annual meeting of the pool will be held on Wednesday, November 23rd, in Calgary. The reports for the year will be presented to the pool delegates.

H. W. Wood, chairman of the board of directors of the Alberta Wheat Pool, told the Calgary Kiwanis Club to the course of an address that if the farmers cannot sell their own wheat economically there is little hope for agriculture in this country.

The pool terminal at Prince Rupert loaded the first cargo of wheat from the 1937 crop for Europe this week. Construction has started on the foundation of the new 2,400,000 bushel pool elevator terminal at Vancouver. It will be ready for the 1938 crop, and will cost \$2,000,000.

ELEVATORS NOW CLANK

Serg. R. S. Wright was this week notified that his elevator could be closed for business on Sunday.

## BASSANO HOSP. INVEST \$10,000 IN SECURITIES

Surplus Funds Are Used to Purchase Alberta Bonds and Savings Certificates

The Bassano Municipal Hospital, with a surplus of something more than \$10,000, will invest \$10,000 in Alberta bonds at 8 1/2% with interest at 4 per cent, and \$8,000 in Alberta provincial savings certificates with interest at 4 per cent. This was decided at the meeting of the hospital board held last Saturday, Nov. 6.

The hospital district in a very good financial position, having already \$5,000 in Alberta savings certificates, and more money in other securities. The board had planned to enlarge the accommodation at the hospital by turning the school quarters into another ward and erecting a building for a nurses' home, but the department of health would not sanction \$5,000 in Alberta savings certificates, and more money in other securities.

It was a very good meeting, with all members present, namely: H. G. Brodie, the chairman; E. F. Mauser, P. Powell, W. S. Pollock, and the secretary treasurer H. W. Ford.

The board decided they would not send a representative to the Convention of the Alberta Municipal Hospitals Association in Edmonton, as the expense was a considerable item.

Recommend New Member  
In view of the fact that Thompson District No. 10 is without representation on the board, the secretary was instructed to suggest that Carl Herman, of Cluny, be appointed to represent that district.

The secretary was instructed to purchase a desk for the hospital at a cost not exceeding \$40.

After a discussion on accounts and collections it was decided that when a patient entered the hospital the patient would be obliged to obtain the patient's signature on a blank note or the signature of the person responsible for the patient. If payment is made before the note is returned or destroyed.

All accounts accrued prior to 1937 are to be paid by the collection to Wm. McLaws, bailiff.

The board adjourned at 10 p.m.

## HIGH RIVER AIR STATION CLOSING FOR WINTER

The High River air station will be abandoned for the winter, and the planes which have been in operation there will be transferred to other points in Canada. Capt. A. Collier, officer commanding the station, is being moved to Ottawa for the winter months, and the other officers will be stationed at Winnipeg. New planes are expected for the High River station next spring, and these will be employed as formerly on forest patrol service.

## Duchess News

DECEMBER, 10.—Rev. Venzell and family, of Crainville, called on Mrs. Kuch and family. Mr. and Mrs. Gladys Hyatt and Mr. Jason Martin were united in marriage at the home of the bride's mother on Sunday, Nov. 6. The young couple will go to the United States where they will spend the winter.

Miss Laura Hule left for Calgary after spending the week here visiting home folks and friends.

The masquerade dance given by the Women's Institute was a great success, financially and socially. The Marion girls, of Rosemary, took first prize; Mrs. O'Hare and Miss Laura Hule second; Miss Mabel Miller and Miss Margaret Woodward, special prizes awarded by Mrs. Daughtry, of Brooks.

Robert Harstad, of Stensar, attended the dance on Friday. Messrs. Schneider and Zimmerman returned to their home in Pennsylvania after spending the summer here with Sam Rauer.

Miss Mabel Miller is staying with Mrs. Dunsmore during the cold weather.

Harold Hule, of Patricia, spent the week-end at home.

Miss Hilda Carrington, of Brooks, spent Thanksgiving holidays with Mrs. Dunsmore and family.

Clarence Heiner and Martin Brubaker started for the States in a car, but encountered too much snow so could not go on. Martin is returning to the States, but Clarence took the train and went on.

## Hussar News

HUSSAR, Nov. 9.—Miss Edna Koehle has occupied a position as assistant with Mrs. Leckander in the post office and telephone office.

The Misses Evelyn Cliftard, Jessie Elliott, Myrtle Paul, and Jessie Paul, who attended school in Calgary, spent the week-end at home.

A large crowd attended the dance given by the Hussar six place, on Saturday evening. A very jolly time was had by all present. The hall was decorated for the occasion, and paper caps were provided for the dancers.

Mr. and Mrs. E. J. Hall and family moved to Acme to spend Thanksgiving with Mrs. Bell's sister, Mrs. Brown.

High Brown and family are Calgary visitors this week.

Mr. and Mrs. Frank Parley were guests of Mrs. Parley's parents at Canmore over the week-end.

The Sunday school children donated a hundred poppies Armistice Day.

A house, formerly owned by the late Mr. Tinkelson, will be moved from Bassano and placed on a foundation being built behind the Community Hall by A. A. Cliftard.

Messrs. Andy Anderson, Hartman, and R. Warburton are up near Waskia hunting moose.

Ag Green, of Calgary, shipped several loads of cattle from here Friday.

The snow storm has put a stop to threshing for awhile.

Many of the school people are enjoying the skating on the sloughs near town this week.

Rev. Barton has a splendid address, "The Golden Touch," which he will give Sunday evening, Nov. 13. He has given this address before large audiences. Come and hear.

Rev. Barton held a Thanksgiving service in the school house Monday evening.

Miss Mattie Betts, who teaches at Standard, was home for Thanksgiving.

Miss O'Brien, who teaches at the Adams Lake school, spent the week-end in Calgary.

Roy Hulen and Mr. and Mrs. Brown were Bassano visitors Wednesday.

## C.P.R. Plans Two New Musical Festivals

The other Festival will be devoted to sea music and will take place in Vancouver in the early fall. Vancouver is a world port with many old seamen familiar with sea changes. Other Festivals in the future will be held in other cities.

## COLLECTIONS ON TOWN TAXES ARE GOOD

\$23,500 More Money Has Been Paid—Town Council Meeting Last Tuesday Night

Of the \$25,000 estimated tax receipts for 1937, \$23,500 have already been collected, according to secretary treasurer Jan. R. Donaldson. It is expected that the balance will be paid before the end of the year when the payment of taxes is complete.

The town council is very well pleased with the way the tax money has been coming in, and Mayor H. B. Brown, particularly satisfied with tax collecting results.

Council Meeting  
The town council held a meeting last Tuesday evening, Nov. 8. As Monday was a holiday, the council meeting was held the next evening.

The report of auditor H. W. Ford was read and accepted. Mr. Ford reported that the books in proper order, and well kept.

## Pretty Girls At Ball Parks Hard On The Players

Hoops Tony Lazzari, Famous Second Baseman Appearing in "Slide, Kelly, Slide"

The popular romances of the pretty girl who smiles at the baseball player as he enters the ball park—thereupon causing him to fall in love—is all wrong.

In fact, a ball player, if he saw a pretty girl approaching him under such circumstances, would duck his head and run. Tony Lazzari, famous ball player and hero of the Yanks during the world series, Lazzari, who appears with other ball players in the world series comes in "Slide, Kelly, Slide," showing at the Gem Theatre Friday and Saturday.

"That's one of the superstitions of the game," he declares, "and perhaps it is founded on the idea that the player who smiles at the girl before the game and a girl at the same time, I've seen so many pretty girls in Hollywood that I tremble to think what might happen when I get back into harness in baseball again."

Lazzari is one of the famous ball players appearing with William Haines and the Gullible Traveler, Gary, Karl Dene, Mike Donlin, and other noted screen actors in the new picture, a vivid tale of big league baseball, "The Gullible Traveler," starring William Haines and Gary.

**THE SEMI-ARID AREA**  
In the vicinity of Stettville, Cravat Corner, and Linton, and in the dry area in the Alderton district, the loan and mortgage companies have acquired by foreclosure a very large area of farm lands. These lands were homesteaded in the early days before the war.

From the very outset the homesteaders met with crop failures because of drought, and only in the years of 1915 and 1916 was there sufficient rainfall to raise a good crop of wheat.

Following these two years of beautiful harvests there was a series of dry seasons when the rainfall was so light that even the most carefully cultivated fields yielded little more than as much grain as was used for seed. Many fields were not even worth cutting.

The situation became desperate, and the provincial government came to the aid of the stricken farmers and supplied them with seed grain for their stock, and household supplies.

Many homesteaders borrowed money on their land, and when years of crop failure followed, and every means of relief had been exhausted, the homesteaders were nearly all forced to move on.

The departure of hundreds of homesteaders left many square miles of land that could be used for grazing purposes, so that the few remaining farmers went in for the raising of cattle, horses, and sheep. Only in this manner have they been able to carry on and make a living.

The loan companies acquired ownership of the deserted farms by foreclosure, and since then the land has been a burden of expense to the new owners who must pay the taxes or give up the land in which their money is invested.

In some instances the loan companies tried to farm the land themselves, hiring the work done by neighboring homesteaders who still clung to their own land with the hope that the country would "come back." The little money these men obtained by working for the loan companies enabled them to hang on to the bitter end. After more years of crop failure the loan companies gave up trying to farm the land, and since then it has remained idle except for supplying a little herbage for grazing sheep and cattle.

Now the loan companies want to re-people this land. They plan to form a company that will undertake to bring out settlers from Europe and place them on these deserted skeletons of farms that are the graveyard of blighted hopes and ambition.

It is pointed out that this year the few farmers who still remain in the district harvested heavy yields of wheat from the few acres they had seeded on the off chance that it would be a wet year. But this has happened before. In the years of 1915 and 1916 the crop was big and hopes ran high, but there followed ten years of drought, ten years of watching and waiting, ten years of successive crop failures, until the flame of hope had burned itself out and there was nothing left but the black ashes of despair.

The most careful and industrious farmers tried every known means of raising a crop under a minimum supply of moisture and other difficult conditions. They summer-fallowed; they plowed deep; they cultivated; they seeded early; they seeded late; they planted their seed deep in the ground; they used a small amount of seed to the acre; they tried everything, but the result in every case was a failure. The grain, need of the moisture, and the moisture was lacking.

What is going to happen if this land is again settled with farmers? If there is sufficient rainfall to raise a profitable crop of grain the settlers will prosper, but experience has taught that in the average year there is not enough rainfall to grow grain, and only in an abnormal year is it possible to raise a crop.

If the land is again occupied it will mean that there will be no more grazing land for the farmer who has remained in the district, and he will be forced to go out of the stock business, which has afforded him his only means of livelihood. He will be set back to where he was seven or eight years ago, and he will either have to die or have to move out of the country.

At the present time so attempt should be made to farm these lands. They should be used for grazing purposes only. Alberta needs more

settlers to make a better and more prosperous province, but to place those settlers on land that has been tested and given up as a bad job is the height of folly.

Dora: "But why are you so afraid of being run over, uncle?"  
Uncle: "Well, you see, it will be my thirteenth time."

**ALBERTA TRADE WITH ORIENT PROMISING**  
Good prospects for the exportation of Alberta livestock to Japan, now exist as a result of the visit of Capt. T. Kawakami, of Yokohama, who has spent the past month looking into conditions in this province. Following the visit of H. A. Craig, deputy minister of agriculture, to the Orient two years ago and the trial shipment of stock sent over at that time, the extensive interest in Japan which Captain Kawakami represents are interested in the importation of beef cattle for slaughter and beef and dairy cattle, horses and swine for breeding purposes, on a scale which will greatly increase the volume of Alberta's trade with the far east, if the plans at present contemplated materialize.

 Wife—"Well, you need one, good news knows."

## They're not alike - and yet they are

When every note of the music you hear is what the distant artist intended you to hear—that's tone. When you select or change programs at will by touching just one dial—that's simplicity. When your radio always does just what you wish, it is—do—that's reliability. When you are glad to have your guests see it as well as listen—that's beauty. When you avoid high prices and at the same time enjoy radio to the utmost—that's economy.

The instruments composing the family of Atwater-Kent Radios differ in special abilities. They are alike in simplicity, reliability, beauty and economy—for these are fundamental.

*June in on a Westinghouse for knowledge*

There's no strain or tension listening to the ravellous "Westinghouse Radio brings to your home."

The speaker's words come through clear, distinct and understandable.

World celebrities, travellers, scientists, news correspondents and a host of other fascinating lecturers are the delight of millions of homes over the radio.

Are you missing this modern and most fascinating medium of keeping abreast of the world—broadening your knowledge of its people, its life, its leading events, its events of universal interest? Don't miss it—get a Westinghouse and bring to your growing family the richest storehouse of culture and advancement that has ever existed.

Today is the day to learn what a Westinghouse will mean to your home. A demonstration involves no obligation.

Jack Barish came in from Majorville on Tuesday bringing his daughters, Beatrice and Grace, for school attendance. Beatrice going to Calgary to continue her studies in high school.

District court will be held in Bassano on Thursday, Nov. 24th. His Honor Judge MacDonald will preside. Two small debt cases will come up for trial, and chambers will also be held by the judge.

Mr. Ferguson, the ferry operator of the provincial government, is in Crowfoot trying to arrange that the ferry keeps running as long as possible so that the farmers to the south of the river can get their cattle loaded to the main line without delay.

Must be sold this week—Pots, pans, wash tubs, cutlery, butter crocks, jugs, hammer, saws, beds, springs, and mattresses, tables, bed curtains, beds, heaters, bathtubs, garden tools, etc. Struhen's Furniture Store, next door to Royal Bank, Bassano.

## A Test For The Testers

(As Published in the Saturday Evening Post)

There is a considerable group of scientists and educators who spend their time in contrasting industrial methods, called intelligence tests, for the test of mankind to leap over. Many of them are exceedingly clever and ingenious. Now and then these questionnaires are published in the magazines, and few readers can resist the temptation to try themselves out on the catch questions before their eyes.

All this is very amusing, and no doubt serves some useful end, but it is not fair play, and it is time that someone should retaliate and put the experts over the hurdle with a view to determining whether they are a race of demigods apart, or whether they grade just about like the rest of us in the ordering of their own affairs.

**The Test**  
 Time allowed: As much as may be required.

1. Did you take out life insurance as soon as you could afford it, and do you intend to do it as your means would allow?

2. Do you live within your income; and by some systematic plan of saving, are you providing for your old age and for your dependents?

3. Are your buildings with their contents and your motor car liability properly safeguarded by insurance?

4. Do you keep your cellar free from trash and litter, and do you see to it that proper precautions against fire are taken upon your property?

5. Have you made a will?

6. If so, did you have sufficient expert assistance to make certain that it expresses your desires and intentions unambiguously and that it is in due legal form?

7. If you have answered No. 5 in the affirmative, has your will become operative owing to births or deaths which have taken place since it was executed?

8. Where do you keep your valuable papers, if any? That is to say, do you hide them away, subject to fire risks, where any competent porch thief can readily find them, or do you rent a safety-deposit box, and keep your papers in it?

9. Have you built up such cordial relations with your bank that you can borrow money from it whenever occasion requires, or, in time of need would you have to apply to friends and relatives?

10. Do you buy securities on the say-so of strange stock salesmen, or do you make your investments through and with the advice of a reputable brokerage and bond house?

11. Have you learned to swim or to keep afloat for twenty minutes in deep water?

12. Do you vote regularly both at primary and general elections?

13. Do you habitually know enough about the candidates for election to vote intelligently?

14. How do you form your opinions on great questions of political and economic policy? That is to say, are you influenced by the utterances of theorists and up-lifters, or are you influenced by the opinions of practical men whose personal contacts and broad experience might be expected to enable them to reach sound conclusions?

15. Do you take sufficient sleep and exercise to keep your vitality fit and cheerful?

16. Do you practice moderation in eating, drinking and smoking?

17. Do you go to your physician at stated intervals for physical examinations and general counsel?

18. Are you taking full advantage of the recent advances in preventive medicine in safeguarding your own health and that of your family?

19. Do you consider your education a completed job, or do you still read an occasional book on history, biography, science or economics?

20. Are you thoroughly familiar with the current version of your local motor traffic and parking rules?

## PROTECTION OF TREES

FROM MICE AND RABBITS

**Revenge of Little Animals**

As each year passes increased complaints come in of damage from mice. As much of this can be prevented by precautionary measures taken in the fall on trunks, once again to remind our readers that the time has come to guard against such loss.

This may be accomplished in two ways: 1. by the use of building paper, and 2. by the use of wire or metal protectors. The building paper is a very cheap means of protection, but it is liable to be torn by the mice, and it lasts only the one season. It is extravagant of time through the necessity of wrapping the trees each fall.

Single-ply white or grey building paper may be used, but is not recommended as there is a possibility of injury to the trees. The paper is cut into strips about six or eight inches wide and the full length of the roll, which is generally about thirty inches. The paper is wrapped fairly snugly around the trunk of the tree and tied with binder twine top and bottom. After tying, a little care is rounded up around the base to prevent rodents working under the paper. This paper is generally removed in the spring.

The other method, the use of wire or metal, is more permanent, more expensive in material, but cheaper in labor, for the metal protectors last for a long period of years. Fine mesh galvanized wire netting is the most lasting material. It is fastened by small pieces of wire and is made large enough to allow for the trunk expanding as the tree grows.

Another very satisfactory and cheaper material is made from expanded metal, such as is used in building. It is better when both galvanized and dipped in paint, in which state it may be obtained from the factory. This material is fastened around the trunk by small wire fasteners as is the wire netting. It is advisable to stick the ends of these wire protectors in the soil so that there will be no danger of the mice working from underneath.

(Experimental Farms Note)

## ALBERTA FISH FOR CHICAGO MARKET

A large shipment of salmon trout from Lake Athabasca to Chicago recently indicates a forward step in one of Alberta's growing industries. The Lake Athabasca Fisheries, Ltd., has gone into the business of supplying the great markets of the United States with the popular product of Alberta lakes. A large plant and ice houses along with dwelling accommodation for fifty employees have been erected and plans are for further enlarging the business as the market demands.

## ALBERTA CATTLE TOP CHICAGO MARKET

Forty-one head of Alberta grass-finished steers shipped by P. Burns & Co. to Chicago set a new figure on that market for this class of cattle during the season. These steers sold at \$14.65 per hundred pounds, exceeding the previous high price by 65 cents. Good prices on the American markets have attracted large shipments of cattle from the western provinces during the past few months.

## Young Fellows --

For the earnest young man on the threshold of business life, nothing can give a greater sense of present security, or give a greater certainty of future progress, than to hold an endowment policy.

Only prudent and forward-looking men insure their lives—but those are the qualities that impress employers, for they bespeak the man who expects success. And the payment of a good sum in early or middle life will give effect to all the work that has gone before.

### Local News

Mr. and Mrs. Ray Phillips and little daughter returned last Monday after visiting with relatives in the States for the past three weeks.

A daughter was born to Mr. and Mrs. Patterson, of Hodges Lake, on Thursday, Nov. 16, in the Bassano Hospital.

A daughter was born to Mr. and Mrs. M. M. Pundy, of Chancellor, on Tuesday, Nov. 14, in the local hospital.

F. Rowman, employed by Best Hultbertson, of Mito, was brought to the Bassano Hospital suffering from severe burns. Rowman was kindling a fire with the aid of gasoline when the flames ignited the fuel in the can and it spread to his clothing.

The Russian Soviet horse buyers left the district this week. They did not get as many horses as they were prepared to purchase.

### WEDDINGS

#### DOW-SMITH

A quiet wedding was solemnized in the Presbyterian Manse, Bassano, on Thursday afternoon, Nov. 10th, when Miss Gertrude Smith became the wife of Mr. Herbert Stewart. Dow, both of Alton, Alberta. Rev. A. O. Thomson performed the marriage ceremony.

#### MARTIN-BYERS

Miss Gladys Byers and Mr. Jason Martin, both of Duchess, were married in the Manse last Sunday, Nov. 8, and Rev. H. B. Hauser performed the ceremony.

#### JOHNSON-BEES

Miss Alice R. Bees, of Makepeace, became the bride of Mr. Richard W. Johnson, of Meek, on a quiet wedding which took place in Bassano on Friday, Nov. 4th. Rev. A. O. Thomson was the officiating clergyman.

#### DEATH OF MRS. AMY NARUM

Mrs. Amy Narum, wife of John Narum, of Rosemary, died in Bassano early last Sunday morning, Nov. 6th. The deceased woman had been ill for some weeks. The funeral service was held in Knox Presbyterian Church, Bassano, on Wednesday afternoon, Nov. 8th, at 2 o'clock, with a large number of friends and relatives present. The remains were deposited in the Bassano Cemetery.

Miss Bird, having inherited a small sum of money from an aged relative, had bought a little cottage in the country. She decided to keep poultry, and bought a fowl and a sitting of thirteen eggs.

Having no knowledge of the subject, however, she wrote to the editor of a poultry journal for his advice.

He replied promptly:

"Three weeks for chickens and four for ducks to be hatched."

Several weeks later, Miss Bird wrote to him again.

"Many thanks for your kind advice," she said. "At the end of three weeks there were no chickens hatched out, and as I did not want ducks I took the hen off."

Grocer: "So your folks are going to move out west. And you're going to settle out there, I suppose. Eh?"

Boy: "Why-yes." I guess we'll have things changed same as here."

#### SCHOOL BOARD WILL MEET

The Bassano School Board will hold a meeting in the Town Hall on Monday evening next week, Nov. 14, at 8 o'clock.

A hatched Plymouth Rock hen, owned by the University of Saskatchewan, has made a new record for egg production. This new champion has a total of 339 eggs in 365 days, not only a new record for barred Plymouth Rocks but, as far as is known, a new record for all heavy breeds of poultry. The bird was bred and raised by the poultry department of the University.

The Toronto Freight Office First Aid Team carried off the Shaughnessy Grand Challenge Cup, emblematic of the First Aid Championship of the Canadian Pacific system, in competition with the Weston Shops of Winnipeg. Western lines champions, at the Place Vigor Hotel, September 21st. The Toronto team secured a total of 419 points out of a possible 420, while the Weston shops secured 400 points.

The establishment of a colony of German noblemen in Saskatchewan is a possibility indicated by the visit to St. Walburg of a number of titled Germans headed by Dr. Smid von Seckburg, of Berlin, who is already established on an estate in the area. Investment of a capital of large proportions upon huge farms is said to be contemplated by the party which is to return to Germany to make its report and come back in the spring with families and relatives. One member has already purchased one and one-half sections of land.
